

**Procedures for the Evaluation of  
Dean of the Honors College**  
Passed by the Senate March 12, 2015

The performance of the Dean of the Honors College will be reviewed in his or her third year in the first evaluation cycle. Subsequent reviews will be on a five year cycle, unless, at the conclusion of a review, the Executive Committee of the Senate votes to implement the next review cycle in fewer than five years. The purpose of such comprehensive reviews is to evaluate the progress of the Dean, to provide the opportunity for constructive input from faculty and other constituencies, to review the Dean’s professional contributions and performance as a leader and as an administrator, and to provide feedback to improve his or her performance.

If the Dean’s appointment begins between July 1 and December 31, notification of the first review will be given in January of the third year following the date of the appointment and the review will take place during the following 12 months (the calendar year review cycle). If the Dean’s appointment begins between January 1 and June 30, notification of the first review will be given in August of the third year following the date of the appointment and the review will take place during the following nine months (the academic year review cycle). The second and subsequent reviews will be given on the academic year review cycle.

If the Dean is officially on leave for more than 90 days in any 12-month period, that period will not be counted as a year for purposes of determining when the Dean is evaluated.

If the Dean is hired with an interim/acting qualification and still holds that interim/acting position three years later, the Dean will be evaluated on the cycle as indicated in the table below. When an interim/acting qualification is removed, the official effective date of the removal of the interim/acting qualification will count as the Dean’s date of appointment.

**Timeline Table**

All reviews will be conducted according to this table, depending on the date of appointment.

Evaluation Cycle	Academic Year Review Cycle	Calendar Year Review Cycle
Date of appointment	Jan. 1-June 30	July 1-Dec. 31

Comments on report	April 5	November 19
Executive Committee review	April 6	November 20
Document destruction	1st day July	1st day February
Follow-up report	Subsequent April 1	Subsequent November 1

The faculty portion of the evaluation is a summary of faculty responses to the Georgia State University Evaluation Form by those faculty members listed in this document as designated evaluators and holding rank as defined in the *Statutes* Art. V, Sec. 1 and contract with 0.75 EFT or above. The evaluation also contains a staff component which is a summary of staff responses to the Georgia State University Staff Component Form by staff members listed in this document as designated evaluators. This evaluation does not preclude evaluations by other constituencies, as approved by the Executive Committee. The individual being evaluated is not eligible to complete an evaluation on him/herself.

***Ad Hoc* Evaluation Committee**

At the end of each semester, the Faculty Affairs Committee of the University Senate will confirm which administrators are to be evaluated during the following academic or calendar year. At the beginning of the appropriate cycle, the Provost will notify the Dean and the Chair of the Faculty Affairs Committee that an evaluation will be conducted by an elected *Ad Hoc* Evaluation Committee. (The evaluation occurs in an academic year, August to April.) The committee will consist of one faculty member elected from each college, one staff member elected by Staff Council, and one member from the University Library. The elected members may include departmental chairs, but may not include deans or associate deans.

Before the end of the first semester following notification, the election of the faculty members to the *Ad Hoc* Evaluation Committee will be conducted in general college faculty meetings. Nominations will be made from the floor. Nominees must be tenured full professors . Voting will be done by secret ballot. The candidate receiving the most votes will serve on the Committee. Members of an elected committee of the college such as the Faculty Affairs or Executive Committee will serve as tellers to count the votes.

Before the end of the first semester following notification, the election of the staff member to the *Ad Hoc* Evaluation Committee will be conducted in a general meeting of Staff Council. Nominations will be made from the floor. Voting will be done by secret ballot. The candidate receiving the most votes will serve on the Committee. Members of an elected committee of staff will serve as tellers to count the votes.

Before the end of the first semester following notification, the election of the library member to the *Ad Hoc* Evaluation Committee will be conducted in a general library faculty meeting. Nominations will be made from the floor. Voting will be done by secret ballot. The candidate receiving the most votes will serve on the Committee. Members of an elected committee of the library faculty will serve as tellers to count the votes.

Within seven days of the election, The President of Staff Council and the deans will send the names of the elected faculty and staff members to the Provost.

On or before January 10 or August 10, depending on the evaluation cycle, the Dean of the Honors College will provide to the Provost a dossier that includes: (i) a three-page single-spaced narrative (maximum) listing and describing accomplishments of the years since the last evaluation, and (ii) a current CV. In addition to covering work at Georgia State University, the narrative and CV should cover service to the administrator's professional community. The Provost will add (iii) a current job description to the dossier and submit it to the Senate Office.

On or before January 15 or August 25, depending on the evaluation cycle, the Chair of the University Senate Executive Committee will call the first meeting to elect the chair for the *Ad Hoc* Evaluation Committee. The chair for the *Ad Hoc* Evaluation Committee will be elected by all the committee members from among the faculty members of the committee who are not department chairs. The elected chair of the *Ad Hoc* Evaluation Committee will inform the Provost of the results of this election. Prior to this first meeting, the Senate Office administrator will provide the *Ad Hoc* Evaluation Committee with a copy of the procedures, the evaluation instrument, and the list of designated evaluators via email. The Provost and/or the Chair of the Executive Committee will attend this first meeting to brief members on their charge and the expectations for the data analysis and subsequent report, and to answer questions. The Provost and/or Chair of the Executive Committee will remind all members that the deliberations of the *Ad Hoc* Evaluation Committee are confidential. The only information the Dean should receive about the deliberations are those explicitly set out in this policy.

On or before February 1 or September 15, depending on the evaluation cycle, the Provost will notify each University faculty and staff member announcing the *Ad Hoc* Evaluation Committee members and chair. The letter will describe the designated evaluators and explain that other faculty and staff members who wish to participate in the evaluation can contact the Senate Office administrator. Respondents who are not listed as designated evaluators will be considered faculty or staff volunteers. Such volunteer responses and written comments of volunteers will be analyzed separately for the final report. A record will be kept of the number of faculty and staff volunteer requests, but not of the names.

Before the end of the first semester following notification, the Senate Office administrator will send the Office of Institutional Research (OIR) a copy of the evaluation instrument and a listing of all designated evaluators and their email addresses.

### **Staff Component of the Evaluation**

The purpose of the staff component of the Evaluation is to seek feedback from designated staff members in order to assist the *Ad Hoc* Evaluation Committee in making recommendations for improving the performance of the Dean. The certification, distribution, collection, and analysis of the staff questionnaire will be conducted separately from the faculty questionnaire. The written comments from the staff respondents also will be recorded separately from the faculty comments. The staff responses will be reviewed and summarized by the *Ad Hoc* Evaluation Committee.

### **Distribution of Evaluation Forms**

Each designated evaluator will receive notification, via email, that the evaluation process is beginning. Attached to the email will be the Dean's dossier. The evaluators also will be informed that an email will be sent to them from OIR explaining the anonymity of the online process and a URL for them to complete the evaluation.

All faculty and staff will receive notification, via email, that the evaluation process is beginning and that, if they want to complete a "faculty volunteer" or "staff volunteer" evaluation, they should contact the Senate Office administrator. Volunteers will receive the same dossier as the designated evaluators. The responses of faculty and staff volunteers will be collected in the same manner as those of designated evaluators and will be similarly anonymous.

Designated faculty evaluators are:

- (1) Administrators holding faculty rank (including Vice Presidents, Associate and Assistant Vice Presidents, Associate Provosts, Deans, Associate and Assistant Deans, Chairs, Institute Directors, and University Council);
- (2) All faculty members of the current Senate and of the preceding two Senates;
- (3) All faculty who have taught an honors course in the preceding three years.
- (4) All faculty who the Dean appointed to serve on a committee in the preceding three years.
- (5) The *Ad Hoc* Evaluation Committee members.

Designated staff evaluators are:

- (1) All the Dean's direct and indirect reports per the organizational chart, including all those who dual-report to the Dean and to someone else.
- (2) All members of the current Staff Council and the two previous Staff Councils.
- (3) All non-faculty vice presidents, all non-faculty associate vice presidents, and all non-faculty assistant vice presidents.
- (4) All staff who the Dean appointed to serve on a committee in the preceding three years.

### **Guidelines for Questionnaire Forms**

A similar but separate procedure will be followed for both the faculty evaluation and for the staff evaluation unless otherwise indicated.

**ALL PARTS OF THE EVALUATION WILL BE ANONYMOUS.**

On February 1 or September 15, depending on the review cycle, OIR will send out the initial survey invitations (one for faculty, one for staff) to all designated evaluators. The invitation will contain a link and random code that will give each individual evaluator access to the appropriate online questionnaire. After a successful submission of the completed questionnaire, the link will become inactive. From the date of University distribution, designated evaluators will have two weeks (14 calendar days) to complete the surveys. Faculty or Staff volunteers may request access to the appropriate online survey from the Senate Office before or during the 14 day period, but all surveys must be completed by the appointed due date. No one may reveal that someone has asked to be a volunteer.

In an effort to increase response rates, during the two-week period OIR will send out two survey reminder emails to those designated evaluators who have not completed their survey.

### **Reporting**

After the surveys are closed, OIR will begin the reporting phase. The report of the quantitative data will include frequency counts, percentages, and, if applicable, means and standard deviations. Qualitative data will be downloaded directly from OIR's survey system into a PDF document without any changes to wording, punctuation, or grammar. Quantitative and qualitative data from each survey will be cross tabulated with data indicating whether the individual is faculty or staff, is a designated or volunteer responder, and has had a working relationship with the person being reviewed. Further, comments will be grouped by each topic area of each survey and then grouped by each participant in order to make evident all responses submitted by a single individual. Because both surveys are anonymous, respondents will be assigned numbers only for organizational purposes (e.g., respondent 1, respondent 2). These numbers cannot be linked to individual identities.

OIR will retain all data files. Six months after the completion of the analysis of the survey, all data files will be deleted.

OIR reports will be completed and sent two weeks after the close of the surveys. Reports of all survey findings will be sent in PDF format to the Senate Office Administrator. Reports will consist of the following:

- Overall Faculty Survey Report
- Designated Faculty Survey Report by Working Relationship
- Volunteer Faculty Survey Report by Working Relationship
- Designated Faculty Qualitative Comments by Topic Area and by Individual Respondent
- Volunteer Faculty Qualitative Comments by Topic Area and by Individual Respondent
- Overall Staff Survey Report
- Designated Staff Survey Report by Working Relationship
- Volunteer Staff Survey Report by Working Relationship
- Designated Staff Qualitative Comments by Topic Area and by Individual Respondent
- Volunteer Staff Qualitative Comments by Topic Area and by Individual Respondent

### **Summary Report**

Upon conclusion of the review, on or before March 27 or November 10, depending on the review cycle, the Chair of the *Ad Hoc* Evaluation Committee will provide the Provost with a confidential written report (Summary Evaluation of the Administrator Report) of no more than eight single-spaced pages in length. Faculty and staff content of the Report should be presented separately as should content on those having reported a working relationship with the Dean and those who did not. The Summary Evaluation of the Administrator will attempt to contextualize this content. Using the response items and a comprehensive summary of the written comments, including direct quotations, the Report should provide the overall findings, proposed performance goals, and recommendations to the Provost. The analysis, comments, and demographic data of faculty and staff volunteers will be presented and summarized separately.

On the same day, the Chair of the *Ad Hoc* Evaluation Committee will give a copy of the Report and the organized written comments to the Dean and the Senate Office administrator.

On or before April 1 or November 15, depending on the review cycle, a meeting for the formal presentation and discussion of the Summary Evaluation of the Administrator Report will be conducted by the Provost and will include the Dean and the *Ad Hoc* Evaluation Committee chair. At that time, the Provost will present a draft one-page single-spaced summary report to the Dean and the chair of the *Ad Hoc* Evaluation Committee.

On or before April 5 or November 19, depending on the review cycle, the Dean and the chair of the *Ad Hoc* Evaluation Committee may submit comments on the one-page summary report to the Executive Committee.

On or before April 6 or November 20, depending on the review cycle, the Provost will provide an opportunity in a secure area for the Executive Committee of the University Senate to read the Summary Evaluation of the Administrator Report, data, and the draft one-page summary report. The full Executive Committee will finalize the one-page single-spaced summary report upon the conclusion of reading the Summary Evaluation of the Administrator Report and the draft one-page single-spaced summary report, and any comments on the one-page summary report submitted by the Dean and the chair of the *Ad Hoc* Evaluation Committee.

Subsequently, the Provost will forward the one-page summary report to the President and the Dean. The Provost will make a recommendation to the President on reappointment of the Dean.

On the first working day in July or February, depending on the review cycle, and after the discussion of the reports with the Executive Committee of the Senate, the responses, written comments, and copies of the Summary Evaluation of the Administrator Report used by the *Ad Hoc* Evaluation Committee will be destroyed. One copy of the Summary Evaluation of the Administrator Report will be maintained in the Senate Office for the remainder of the term of the Dean, after which it will be destroyed. The President, the Provost, and the Dean can either maintain or destroy their copies of the reports but each should keep a copy of the final one-page summary report.

Reports of the evaluation will be disseminated only as described below. The reports will not be disseminated in the public domain (Internet, news, media, etc.).

On or before April 1 or November 1, depending on the review cycle, of the year following the designated evaluation year, the Provost will give a follow-up report to the Executive Committee on the areas of concern raised in the evaluation reports. The Provost's follow-up report should include specific actions taken for each area of concern and performance goal identified in the evaluation reports.

### **Distribution of Results**

The one-page summary report will be sent to all faculty and staff of the University at the conclusion of the evaluation process. The one-page summary also will be sent to the University

Senate as an information item at the first full non-organizational meeting of the University  
Senate upon conclusion of the evaluation process.
