Business:

1. Lenore Musick gave updates about the Sustainability in the Dining halls and organic waste recycling. Morgan Bachman circulated the finalized recycling signage for desk side recycling and office bins. She talked about working on budgets and contracts, adding four Perimeter colleges to the recycling contract and continuing with Public services for recycling.
2. Michael Black provided an update on the Sustainability Forums on campus and talked about the EPA College and University Partnership program for students.
3. Sebastian Rand asked about the list of activities done by Sustainability Committee to sense how the Senate can help and would also like to see a wish list. He also volunteered to work with the Transportation Committee to provide Student MARTA passes without a fee.
4. Duane Trues talked about the Sustainability in the IT sector and Fred Brooks shared his insight on the Socio-Economic Justice aspect in Sustainability. Pamela Gore suggested the use of motion-detector lights in restrooms and turning the PC monitors off after use. Likewise, Eric Morton and Samantha Walkes discussed about moving HR to sustainability by reducing paper usage in HR and moving to an electronic process.
5. The committee adjourned at 11:15am.
